

Every effort is made to keep the information on this website up-to-date but it is not always possible to add and cancel warnings in real-time. While NAVAREA XIV and New Zealand Coastal Navigational Warnings are made available on this website, Masters/Captains are still required to receive navigational warnings from the appropriate International Maritime Organization (IMO) or World Meteorological Organization (WMO) approved Global Maritime Distress and Safety System (GMDSS) broadcast service i.e. the International SafetyNET system. Many warnings are of a temporary nature, but others may remain in-force for several weeks and may be superseded by Notices to Mariners. Warnings In-Force at: 242032 UTC NOV 25
